Hello Robyn,

Greg has been attempting to reach our office regarding an environmental health issue. He would like to schedule a meeting with Environmental Health to discuss the permitting of a well on his property and the validity of the state's small well license. Environmental Health is not recognizing that the well is permitted or that it qualifies as a "state small" well.

Greg purchased the property in 2007. The APN number is 571040-002. The Record of Service number is RS-53-40, Parcel #2.

Greg is requesting that you contact him by phone at 951-767-4500. His email address is hemet.net@gmail.com.

Best,

Jandi Aguilar
