Subject: Board Oversight Requested: Records-Integrity Defect in CO0089023

Clerk of the Board and County Counsel,

Please find attached a formal counsel-submitted oversight demand concerning CO0089023. This submission addresses an internally acknowledged records-integrity defect involving a wrong-APN “permit on file,” and requests Board-level written findings and reconciliation consistent with the County’s obligations for accuracy and public accountability.

Kindly confirm receipt and ensure this communication is entered into the Board’s public record. We request the consolidated written response outlined in the attached letter within the required timeframe.

Greg Reed

Clerk of the Board of Supervisors

Riverside County Board of Supervisors

VIA EMAIL — FOR BOARD OVERSIGHT AND WRITTEN FINDINGS

RE: CO0089023 — DEMAND FOR BOARD OVERSIGHT, WRITTEN FINDINGS, AND UNQUESTIONABLE RECORD RECONCILIATION (INCLUDING CORRECTION OF WRONG-APN “PERMIT ON FILE”)

Clerk and Members of the Board:

I submit this as a formal oversight demand concerning CO0089023. This is not a request for debate, nor a request for the County to restate prior agency posture. It is a demand for verifiable reconciliation of the County’s own records and for written findings sufficient for public accountability.

I. The Oversight Trigger: DEH's Own Internal Admissions

In an internal Riverside County email chain dated December 20, 2023, concerning CO0089023, DEH staff state, in substance, that (1) the well is drilled on the Reporting Party's property but is described internally as "controlled" by the Weber Valley Heights Association, and (2) "the permit on file for the well shows the wrong APN." The same chain discusses responding by "reiterat[ing]" the Department's position and attaching a prior letter rather than documenting corrective action.

Exhibit A: CO0089023 internal email chain dated December 20, 2023 (PDF).

This internal admission ("wrong APN") is a records-integrity defect and is, by definition, an oversight issue. Any County response that attempts to "reiterate" a position while leaving an admitted wrong-APN permit record uncorrected is nonresponsive and unacceptable.

II. The Reconciliation Requirement: No More Position Statements Without Written Findings

I request that the Board direct County Counsel and all responsible departments to produce a single consolidated written response that is auditable, testable, and based on verifiable facts—not rhetoric.

The response must provide written findings addressing, at minimum:

1. Identify the "permit on file" referenced internally

- What specific permit document is being referenced in the December 20, 2023 email chain?
- What APN does that permit identify?
- Who is the current custodian of that record, and in what system(s) or file location(s) is it maintained?

2. Explain and cure the "wrong APN" condition

- If the permit on file is wrong as to APN (as DEH admitted internally), what corrective action will be taken?
- What is the effective date of correction, and what audit log or change record will memorialize the correction?

3. Define the County's meaning and basis for "controlled"

- The internal chain uses the word "controlled" to describe a third party's relationship to a well located on my property.

- The County must define what it means by “controlled” in this context, and identify the factual or administrative basis for using that term.

4. Identify the legal instrument(s) that purportedly transferred rights inconsistent with record ownership

The internal chain recognizes that the well is located on the Reporting Party’s parcel, yet asserts it is “controlled” by the Weber Valley Heights Association. If the County maintains that any person or entity other than the fee-simple owner acquired ownership, operational, or control rights, the County must:

- Identify the exact document(s) and all recording information by which such rights were allegedly transferred (e.g., recorded grant deed, assignment, easement, or other instrument).
- Identify the grantor and grantee/beneficiary exactly as stated in the operative granting clauses.
- Produce the **recorded** instrument(s), not PDFs of PDFs, as part of the Board’s written-findings packet.

If no such instrument exists, the County must state that fact expressly and explain how it can lawfully characterize the well as “controlled” by a third party without any documentary transfer of rights.

5. Prohibit position-reiteration without reconciliation

The Board must direct that no department may respond to CO0089023 by restating a prior “position” unless and until:

- the wrong-APN admission is reconciled,
- the record is corrected, and
- written findings are produced as required above.

III. Exhibits Included

To ensure the Board has a complete, self-contained oversight record, I provide:

- **Exhibit A:** CO0089023 internal email chain dated December 20, 2023 (contains the “wrong APN” admission and “reiterate position” strategy).
- **Exhibit B:** Jeff Johnson (DEH) letter dated 2013 (the “stance” DEH staff referenced for attachment rather than undertaking corrective action).
- **Exhibit C:** Lynch Well Drilling Service invoice dated June 11, 1992 (a contemporaneous contractor record requiring reconciliation with any DEH claim that the well/system has been regulated “since 1990”).

If the County disputes the relevance of any exhibit, it must do so in writing with specific findings—not conclusory statements.

IV. Required Deadline and Delivery Format

Deadline: 15 calendar days from County receipt of this submission.

Format: One consolidated document containing:

- Written findings;
- A correction plan and audit record;
- The County’s definitions and bases for “controlled”;
- A Board directive prohibiting position-reiteration without reconciliation;
- The identity of the accountable manager and custodian responsible for implementation.

If the County asserts that additional time is needed, it must still provide an interim response within 15 days identifying the responsible manager and giving a date certain for final delivery.

V. Board Action Requested

I respectfully request that the Board:

1. Accept this submission into the public record; and
2. Direct County Counsel and DEH to produce written findings and record corrections fully responsive to the items above.

The County cannot simultaneously admit internally that “the permit on file... shows the wrong APN” and then treat CO0089023 as a matter for mere “position reiteration.” This is precisely the type of records-integrity defect that requires Board oversight.

Respectfully submitted,

Greg Reed

RE: Weber Valley Heights Association

Dear Mr. Reed

In response to your inquiry, dated June 13, 2013, the Weber Valley Heights Association (WVHA) is the named operator of the Weber Valley Heights water system (hereinafter "Water System"), and is regulated under a permit to operate issued by the Department of Environmental Health ("DEH"). The Water System is permitted as State Small Water System, which is a community water system that serves less than 15 service connections, and is regulated under California Code of Regulations Title 22. DEH records list the well on your property, located at 44100 Ginger Circle, as part of the Water System, and that it has been regulated as such since 1990.

As you have been informed before, DEH's sole responsibility in this matter is to regulate the water quality of the well and the overall operation of the water system as it related to the provision of water to WVHA. DEH is not responsible for determining the existence or non-existence of easements related to the wells. To the extent that you have any concerns regarding the Water System's claim that it has an easement related to the use of the well on your property, we would advise you to raise those concerns with the Water System and/or WVHA or to seek out your own legal representation. However, if you have any questions about the water quality and or surface features of the water system please feel free to contact our department, as we would gladly discuss those issues.

Regards,

Jeff Johnson

Hello Everyone,

We now have a request from HS to provide them with all active facilities. This exercise now has more value, as we'd prefer to send HS a list of actual operational facilities to be converted. With that said, I'm going to submit the following Facilities (Excel attached) to be set to inactive.

All these facilities have OOB in the description, Accounts with inactive status, a general program with inactive or no available program, and an inactive permit. With all those flags checked, we can set them to inactive.

I'm scheduling these for next Wednesday at 3:00 PM; if anyone has any opposition, please let your concerns be known before then.

Thank You,

For ERM, if it has OOB in the title, then it should not impact us if removed from the data set.

Probably something to keep in mind that in moving forward, how to better simplify/streamline the process of inactivating permits in the system because I can imagine, labeling them in this fashion can be duplicative if we have another way to designate their status.

Sorry for the delay in responding.

Hey Nick,

This report may be helpful for the group:

<http://deh-12ssrs01/Reports/report/EC-556-PROD/Reports/BOF/Facility%20Inventory>

Temporary inactive is highlighted yellow under the program section, so they are easily identifiable. Additionally, in your scenario the permit status is set to pending, so that would be another indicator.

Subject: RE: Active OOB Facilities

Hi Daniel,

When you proceed with this, it would be helpful to see a list with the program category or program element indicated, so we can easily identify our programs permits. There are some instances when Haz Mat creates an FA# and a temporary UST permit is created at plan check for new tank installs. I believe when a new facility and tank information is entered for the UST in EC, the billing status is entered as "temporarily inactive". We later activate the site when they transition from Plan Check to full operation. We'd want to identify which are on this list that we need to keep an eye on for future action. Our normal process should identify them in any case, but having a list with the program identifier so we can easily identify sites would firm that up.

Thanks,
Nick

Subject: RE: Active OOB Facilities

Excellent, Thanks Ken for the information. We can easily find inactive facilities based on Olga and Tania's recommendation of using account status and if all programs and permits under that facility are inactive. I'll script up that list of facilities and submit them to be set to inactive.

Additionally, in response to the facility status not being accessible, our system automatically sets a facility to inactive once all program-related items are inactive. This process is working based on the most current inactive facilities. The ones that should have followed this process are the older facilities, which were brought in during the data conversion. The mass update should help us get back on track and have a cleaner list of active facilities.

Hi Daniel,

This would be helpful. I cannot determine without this being divided by DES area office and Program. It will have to go to those offices for review. I know there are active facilities with OOB in the DBA.

Subject: Active OOB Facilities

Hello Everyone,

I've attached a list of 3295 **Active** Facilities with "OOB" in their description. I want to do the department a favor, do a mass update, and set these all to "Inactive." Before I do so, I wanted to ask the group two things:

1. Is this something the team wants to happen?
2. Can everyone quickly scroll through the list and ensure there aren't any that need to be Active? I scrolled myself with a quick eye.

Thank You,

Daniel Flores

Hi Ramez,

Thank you so much for your quick response. Yes, that is the correct folder. Being able to sort the permits by program will be much easier so its appreciated.

Pauline and Yannet started printing the permits, but the expiration dates are showing expired, soon to be expired or not showing up at all. I attached examples for DES and HAZ/EPO permits that were printed as reference for your review.

Pauline and Yannet are going through the list to view each permit on the list to see if any do generate with an active/correct date. Each one they have come across has a discrepancy with the expiration dates.

I told them to hold off on printing until I get approval to move forward as is, please advise.

Thank you,

Esther Carrillo

Subject: RE: CO0089023

Hi Shantel,
This property has a long standing dispute between the RP and the State Small water system. The well is drilled on the RP's property, but is controlled by the Weber Valley Heights Association (the water system) and the permit on file for the well shows the wrong APN. Please see Jeff Johnson's letter from 2013 regarding our Department's stance on this dispute. Perhaps he thought if he waited 10 years, he could get a different response?

My thought on this is to respond to his email and reiterate our Department's position. His current complaint does not address any water quality issues. I could even attach Jeff's letter from 10 years ago. Your thoughts?

Thanks,

Ryan Olney

Subject: EMWD Info

Afternoon All!

Here is the info from EMWD. Unfortunately, there are no plans to develop sewer in the area other than Cajalco to support a business corridor.

The water quality data was not much help either because they were not sampling for bacteria (most likely because they would treat before it goes to homes). I did also check Geotracker for the water quality data at the gas station, but their sampling is more geared toward testing for contaminants related to underground storage tank leaks.

Hi Kevin,
I'm doing good thanks, I hope for you as well.
That's a tough one, we don't have the Walgreens and Rite Aids separated in their own category like that.
I'm in a conference/training today, so I am going to have you work with our Special Projects supervisor, Ralph Fregoso, on this one.
I have Ralph on copy to see if his team can help with your request.
Good luck!

Hey Brent!

I hope all is well with you!

A few years ago we had gotten a food facilities list (see attached) from an analyst in EH and I was wondering if you could put me in touch with someone who could re-run a list for me.

What we are trying to do is get a list of all the pharmacies with address and contact info for Riverside County for use in vaccine distribution planning. I know that most of the pharmacies have food so the EH list should be perfect for this.

It's a bit urgent so thank you for any help you can provide,

Kevin

Subject: Hostess Brands - Local Notification

Good afternoon,

Hostess Brands, LLC, a Kansas City, MO establishment, recalls its Limited-Edition Holiday White Peppermint Hostess® Twinkies® due to possible *Salmonella* contamination.

Product information:

- Limited-Edition Holiday White Peppermint Hostess® Twinkies®
- Packaging: sold in multipack boxes (9 individually wrapped cakes in a box)
- UPC: 888109111571

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrHOSTB2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Supervising Food & Drug Investigator
California Department of Public Health
Food & Drug Branch - Emergency Response Unit
P.O. Box 997435
Sacramento, CA 95899-7435
(916) 324-0991 phone
(916) 440-5455 fax

Subject: Hostess Brands - Local Notification

Good afternoon,

Hostess Brands, LLC, a Kansas City, MO establishment, recalls its Limited-Edition Holiday White Peppermint Hostess® Twinkies® due to possible *Salmonella* contamination.

Product information:

- Limited-Edition Holiday White Peppermint Hostess® Twinkies®
- Packaging: sold in multipack boxes (9 individually wrapped cakes in a box)
- UPC: 888109111571

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrHOSTB2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Hi Crew,

This morning, please conduct a phone recall survey for this product. The attachment shows 6 pages of recalled product, but it is all the same brand, so I would recommend just asking them for the product name recall.

Vyan – Call the Ralph's, number 611 on the Master list
Mike – the Food 4 Less, number 612
Shelley – Target, number 613
Dena – Von's, number 615

Get the sheets back to me so I can scan and get to Lynne today. Thank you!

Subject: LOCAL NOTIFICATION - SABRA DIPPING CO

Good afternoon,

Sabra Dipping Company, a Colonial Heights, Virginia establishment is recalling certain hummus products made prior to November 8, 2016 due to possible *Listeria monocytogenes*.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit
<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSDC2n.pdf>

Attached is a product list.

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Hey Mike,

I looked back through my emails, here are the calibration sheets that were sent to me on 4/1/25. I think the other Guardian was sent to Enrique or Alex. The maruyamas and buffalo do not have calibrations. We did not get to recalibrating the B&G sprayers before I left for Corona.

Morning Emily,

Thank you for contacting the Department of Environmental Health regarding your hazardous accounts for FA0063572-Riverside Fuel Cell. I have attached a copy of the invoice per your request. Our Department recently went through a change of software and we were unable to generate the invoices for all billing with expiration date of 07/31 or 08/31 but as of today we have been able to do so. There will be no penalties for those accounts since this was an internal issue. We appreciate your patience on this matter.

**** our online portal to make payment is temporarily unavailable ****

To make a payment by phone call (888) 722-4234. Please note: Visa, Mastercard, and Discover. A vendor processing fee of 2.37% will be charged for all credit card payment transactions.

To send a payment by mail

Make check payable to: Department of Environmental Health
Mailing address: Environmental Protection & Oversight Division Room 307
P.O. Box 7909, Riverside, CA 92513

Should you need anything else feel free to reach out. Thank you

Emily,

Your invoice should have been sent by the County of Riverside around the 2nd week of June. If you or your accounting office haven't received the invoice, please contact the County of Riverside (dehfiscal@rivco.org) to confirm that the invoice was sent. They recently transitioned to a new database/invoicing system and are still working things out.

As for the inspection, we perform site inspections on a 3-year cycle. You won't have another inspection until 2025. You must submit your HMBP update annually through CERS, which you have already done.

Please feel free to reach out to myself or Inspector Kinser with any additional questions.

Thank you,

Good morning Melissa,

Our facility's Haz Mat Mgmt Permit expired yesterday, 7/31/2024, but we have not seen any renewal invoice or been contacted to conduct an inspection to renew our permit. The permit was last issued on 9/26/23 so does this mean our facility will be inspected within the next two months and the permit is valid until then? Could you please provide any information you may have on this and advise next step?

Thank you,

Emily Tran (She/Her)
Senior Coordinator, EHS

Good morning Melissa,

I just wanted to check in on the Notice to Comply resolution. If I remember correctly, we had until this week to correct all findings so I wanted to ensure nothing else was needed on our end to bring the site back to compliance. Please let me know if you have any questions or concerns. I hope you have a great rest of your Friday and weekend!

Thank you,

Good afternoon Melissa,

I hope this email finds you well. I am emailing you today with corrections to the items noted during our initial HMBP inspection. Attached to this email are photo confirmations of our completed fire extinguisher inspections. The Hazardous Material Inventory has also been revised to remove all inventory under the threshold and submitted in CERS. Please advise if all corrections have been made to satisfactory requirement or if there is anything else that needs to be addressed.

Thank you and I hope you have a great rest of your week!

Olney, Ryan

From: Chalaby, Ramez
Sent: Friday, June 13, 2025 9:51 AM
To: Raymundo, Marilyn; Ortiz, Rebecca
Cc: Jaime, Tania; Alvarado, Olga
Subject: FW: Aging Report as of June 10, 2025
Attachments: Aging Report_Power BI ran 6.10.25.xlsx

Good morning Marilyn and Rebecca,

Please see the most up-to-date Aging Report for all programs.

The report has different appearance because it was provided from the backend of the system (we do not have PowerBI Pro license to run this report, so we cannot replicate it).

- The entire information is in tab 'HS PowerBI Invoice Aging'
- The tabs with the G/L Program IDs are for individual programs
 - 93300 – Admin
 - 95100 – Land Development
 - 95260 – Solid Waste
 - 95270 – HazMat
 - 95800 – DES
 - 97700 – Vector
- Disregard tabs 'Recap' and 'Partial Payments'

Points to consider:

- I am aware that the report is missing key information (shown on Tab: 'Missing'). This information will need to be pulled from HS.
 - There is a request to have them added to future reports.
- The report shows ALL outstanding invoices, including invoices not due yet. Please avoid collecting on anything that is not due yet.

Rebecca, as discussed with Olga, please work with together to show Marilyn the ropes on how to complete collection process for DES.

Let me know if you have any questions.

Thank you for your hard work.

Thanks,

From: Kim, Vanna <VKim@RIVCO.ORG>

Subject: RE: Aging Report as of June 10, 2025

Good morning,

The attached Aging Report includes invoices that remain open as a result of partial payments. To reconcile these items in our receivables, we will need to either collect the remaining balances or process appropriate write-offs.

Subject: Aging Report as of June 10, 2025

Good Afternoon,

Please find attached the aging report (open invoices) as of June 10, 2025. This report was generated using the beta version of Power BI, which connects directly to HealthSpace back-end tables.

Below are instructions on how to review the program-specific aging reports:

1. Click on the program tab located at the bottom of the workbook.

Facility	726300	Body Art Facility	\$273	\$273	AR006
Facility	726300	Body Art Facility	\$273	\$273	AR012
Facility	726300	Body Art Facility	\$273	\$273	AR012
Facility	726300	Body Art Facility	\$273	\$273	AR012
Facility	726300	Body Art Facility	\$273	\$273	AR006
Facility	726300	Body Art Facility	\$273	\$273	AR011

> 93300 95100 95260 95270 95800 97700 Recap HS PowerBI Invoice

2025 of 13991 records found Accessibility: Good to go

2. The report header includes the following fields:
 - a. **Revenue ID Description** = PeopleSoft revenue description
 - b. **FeeDescription2** = Program Element Code (PE Code) description
 - c. **Revenue ID** = PeopleSoft revenue code
 - d. **Aging Bucket** = Categorization of invoice age:
 - i. <30 – Invoices less than 30 days old (Fiscal conducts collection)
1. Note: This includes July billings for permits expiring 7/31/2025
 - ii. <60 – Invoices less than 31-60 days old (Fiscal conducts collection)
 - iii. <90 – Invoices less than 61-90 days old (Fiscal conducts collection)
 - iv. <120 – Invoices less than 91-120 days old (Fiscal conducts collection)
 - v. >120 – Invoices over 120 days old (Field conducts collection)
 - e. **Invoice Type** = Identifies the nature of each invoice:
 - i. Original invoice = Manually or bulk-generated from HealthSpace
 - ii. Penalty – 20% = 20% penalty applied
 - iii. Penalty – 10% = 10% penalty invoice (Mobile Homes only)
 - iv. Penalty – 50% = 50% penalty invoice (City of Corona only)
 - v. Penalty – 80% = 80% penalty applied
 - vi. Legacy Invoice = Rolled-over invoice from EnvisionConnect.

Please also note that the aging report is a separate process from the write-off report. The aging report is used to monitor outstanding balances and guide collection efforts, while the write-off report pertains to invoices deemed uncollectible and formally removed from the books.

I will go over this report during our financial meeting tomorrow. Please feel free to review it in advance and bring any questions you may have.

Thank you,

To: Raymundo, Marilyn; Ortiz, Rebecca
Cc: Jaime, Tania; Alvarado, Olga
Subject: FW: Aging Report as of June 10, 2025
Attachments: Aging Report_Power BI ran 6.10.25.xlsx

Good morning Marilyn and Rebecca,

Please see the most up-to-date Aging Report for all programs.

The report has different appearance because it was provided from the backend of the system (we do not have PowerBI Pro license to run this report, so we cannot replicate it).

- The entire information is in tab 'HS PowerBI Invoice Aging'
- The tabs with the G/L Program IDs are for individual programs
 - 93300 – Admin
 - 95100 – Land Development
 - 95260 – Solid Waste
 - 95270 – HazMat
 - 95800 – DES
 - 97700 – Vector
- Disregard tabs 'Recap' and 'Partial Payments'

Points to consider:

- I am aware that the report is missing key information (shown on Tab: 'Missing'). This information will need to be pulled from HS.
 - There is a request to have them added to future reports.
- The report shows ALL outstanding invoices, including invoices not due yet. Please avoid collecting on anything that is not due yet.

Rebecca, as discussed with Olga, please work with together to show Marilyn the ropes on how to complete collection process for DES.

Let me know if you have any questions.

Thank you for your hard work.

Thanks,

From: Kim, Vanna <VKim@RIVCO.ORG>

Subject: FW: Aging Report as of June 10, 2025

Hello Team,

Please ensure we are following accounts receivable best practices. Specifically, we should avoid backdating entries using the original invoice date. All adjustments or write-offs should reflect the actual date of the transaction or decision to maintain accurate and auditable records.

Thank you,

Vanna

Good morning,

The attached Aging Report includes invoices that remain open as a result of partial payments. To reconcile these items in our receivables, we will need to either collect the remaining balances or process appropriate write-offs.

Morning Emily,

Thank you for contacting the Department of Environmental Health regarding your hazardous accounts for FA0063572-Riverside Fuel Cell. I have attached a copy of the invoice per your request. Our Department recently went through a change of software and we were unable to generate the invoices for all billing with expiration date of 07/31 or 08/31 but as of today we have been able to do so. There will be no penalties for those accounts since this was an internal issue. We appreciate your patience on this matter.

**** our online portal to make payment is temporarily unavailable ****

To make a payment by phone call (888) 722-4234. Please note: Visa, Mastercard, and Discover. A vendor processing fee of 2.37% will be charged for all credit card payment transactions.

To send a payment by mail

Make check payable to: Department of Environmental Health
Mailing address: Environmental Protection & Oversight Division Room 307
P.O. Box 7909, Riverside, CA 92513

Should you need anything else feel free to reach out. Thank you

Emily,

Your invoice should have been sent by the County of Riverside around the 2nd week of June. If you or your accounting office haven't received the invoice, please contact the County of Riverside (dehfiscal@rivco.org) to confirm that the invoice was sent. They recently transitioned to a new database/invoicing system and are still working things out.

As for the inspection, we perform site inspections on a 3-year cycle. You won't have another inspection until 2025. You must submit your HMBP update annually through CERS, which you have already done.

Please feel free to reach out to myself or Inspector Kinser with any additional questions.

Good morning Melissa,

I hope you've been doing well! Is there a supplemental report for review and signature? I did get a notification that the HMBP Haz mat inventory got accepted. If there isn't, would you mind responding to this email to confirm all items have been accepted and closed out on your end for my record?

Thank you,

Emily Tran

Good morning Melissa,

I just wanted to check in on the Notice to Comply resolution. If I remember correctly, we had until this week to correct all findings so I wanted to ensure nothing else was needed on our end to bring the site back to compliance. Please let me know if you have any questions or concerns. I hope you have a great rest of your Friday and weekend!

Thank you,

Emily Tran

Good afternoon Melissa,

I hope this email finds you well. I am emailing you today with corrections to the items noted during our initial HMBP inspection. Attached to this email are photo confirmations of our completed fire extinguisher inspections. The Hazardous Material Inventory has also been revised to remove all inventory under the threshold and submitted in CERS. Please advise if all corrections have been made to satisfactory requirement or if there is anything else that needs to be addressed.

Thank you and I hope you have a great rest of your week!

Subject: RE: CUPA Surcharge Increases

Good morning Nick,

I recommend that the \$10/\$100 billings be in HS. Ramez will be create two new PE codes for the difference only. The description will tie to the original PE code description. Once we have billed the customers, the PE codes will be inactive.

Ramez and team will re-run the data below since the last correspondence was back in March.

I hope this helps.

Thank you,

Vanna

Subject: RE: CUPA Surcharge Increases

It's my understanding on the below that we have one path forward for collecting the undercharged surcharges. Is the intent to bill in EC prior to HS go-live? Or are we billing the difference in HS? If so, we likely need to engage the HS team on what this looks like.

Nick

Subject: RE: CUPA Surcharge Increases

Good morning all,

Ramez and April did a great job in identifying facility owners who have paid and those that are outstanding. Below are solutions to the increases:

Facility owners who did not pay	Count = 150 ALL	Fiscal team to cancel old invoice and generate new invoice with the new rate.
Facility owners who have paid with the old rate	Count = 4,323 CUPA Oversight rate	Fiscal team to generate a supplemental invoice for the net change amount (\$10). *a letter from EH will accompany the supplemental invoice
Facility owners who have paid with the old rate	Count = 35 CalARP surcharge rate	Fiscal team to generate a supplemental invoice for the net change amount (\$100). *a letter from EH will accompany the supplemental invoice

Please let me know if you have any questions.

Thank you,

Vanna

Subject: RE: CUPA Surcharge Increases

Hello All,

An update on this. County Counsel has review (attached if interested) and found we're stuck with the direction CalEPA has required. Up to us if we bill again now for the July-November permits that we did not collect the surcharge increase for, or if we double bill them next FY, for both this and next FY's increases. I think you already had a solution in mind, Vanna. As time allows, we can discuss. There is no immediate rush for the retroactive billing piece of the surcharge collection.

Thanks,
Nick

Subject: RE: CUPA Surcharge Increases

The exact legal pathway is what I hope will come Friday, Steve, but my understanding is that it's a notice in the California Register via OAL. What's unusual is the retroactive date and ask to do double billing, of which CalEPA says they have a new legal interpretation. That specifically is what we could ask County Counsel.

Cc: Alvarado, Olga <OAlvarad@RIVCO.ORG>; Horn, Steve <SHorn@RIVCO.ORG>; Casey, Brent <BCasey@RIVCO.ORG>

Subject: CUPA Surcharge Increases

Hi Tania and Vanna,

In a meeting today, CalEPA personnel informed UPAs that a planned increase in surcharges for CUPA Oversight (\$84 → \$94) and CalARP Surcharge (\$270 → \$370) is actually going into effect this Friday. This means we can start billing for it in our November billing, or for any invoices after 10/13. We actually have 60 days to start billing for the revised surcharge amounts, however, what CalEPA shared which deviates from past surcharge implementations is that they need us to retroactively bill the surcharge for July, August, September, and October billing next fiscal year, by billing them twice—once for the then current fiscal year (FY24-25), plus for the fiscal year surcharge we did not bill them for (FY23-24). This gets real confusing real fast. We could also choose to re-bill just the revised surcharge amount for our businesses that already paid the last 4 months of invoices. We have some discretion there.

More details to come this Friday, but I wanted to provide the information as soon as possible for you to start planning as needed. We'll take the Friday resources CalEPA provides and make sure we send an insert with invoices explaining the increase going forward. I'll make sure that gets to you.

Brent and Steve, though CalEPA mentioned they had their legal review this double surcharge collection for those who were missed so far this fiscal year, if we want our County Counsel to review, I can facilitate that.

Thanks,
Nick

Subject: RE: Permits in HealthSpace
Attachments: Permit Workbook GF 6.18.24 a.xlsx

Good afternoon Gina,

Please see the attached.

This is the workaround (or Plan B) that Vanna suggested. This is time-consuming because the HS reports show unreliable information and we had to go line-by-line to verify.

To answer your question, yesterday morning Greg said that Vanna's Plan A will not work (because repetitive Receipt numbers shown on the Permit Manager list screen do not count as one-to-one relationship). Currently he does not have a solution.

Thank you for your continued patience while we work on finding a solution.

@Kim, Vanna, we may need to consider the efficiency of this Plan B method on the long-run. I was asked during HS Status Check meeting not to remove connections any further. So our future payments will be linked to multiple Permits and we may not be able to identify which permit pertains to which payment. Additional review will be needed after one or more days of work.

Thank you,

Subject: Permits in HealthSpace

Hi Greg and Vanna,

I met with Jenay, Johnny and Nick today. Attached is the Permit Report printed today based on the excel worksheet in the Fiscal folder. As you are both aware, it was necessary for ISS to print out the permits individually as a temporary fix.

@Nick. Thank you for letting us know that all CUPA permits needs to be ran through the "Establishment Manager" and not "Permit Manager". Corrections identified are:

- Misspelled word "Management" in the HazMat Permit **Fixed by HS as of today (good catch Gina!)**
- @Vanna. There were 3 permits that had expired dates: Liquid Environmental Solutions, Deep Barrell Roasters and Creamery, and Picasso The Mexican Grill. Maybe just a data entry error? **This will become critical to find out, Vanna, because if the logic for printing permits is incorrect in HS, we may want to do suggested EC printing route assuming HS will take some time to correct.**

Questions:

1. Should the "Permit Issuance Date" also be noted in the Operating Permit for Non-CUPA?
2. @Greg/Nick. Please let me know if there are any permits that needs to be held for any reason that we need to be aware before sending out the permit? **This was the reason Johnny and I came down this morning and we neglected to bring it up! For CUPA, ANY UST permit needs to go through a process to check for a hold by conferring with the Area office supervisor on open violations. We have an established process and we can roll that out to your group, Gina. @Desaussure, Danielle can get you what we currently do. A similar holding process exists for our PA permits, which means any facility with a PA regulated program. I'm less familiar with that process. Tania or Lina from Vanna's team can speak to what that looks like currently, but I think it entails knowing what the Fire PA has said to hold.**

If no other issues/concerns, Steve said to go ahead and mail out the permits tomorrow. Thanks!

Subject: Retailers List: Local Notification - Recall by Reser's Fine Foods

CAUTION: This email originated externally from the **Riverside County** email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

Reser's Fine Foods, a Beaverton, OR establishment, is recalling meal kits due to possible *Listeria monocytogenes* contamination.

Product Description	Use By Dates
Don Pancho and Bistro 28 brands of meal kits containing recalled chicken	Use By date range: 9/13/2024 – 11/21/2024 (See Product List file)

Attached (Excel file) is a **preliminary** list of retailers identified as receiving the affected product. For additional information, please visit [Reser's Fine Foods – Don Pancho and Bistro 28 Meal Kits Containing Recalled Chicken 10/10/24](#)

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: Retailers List - Local Notification (Fratelli Beretta USA recall)

CAUTION: This email originated externally from the **Riverside County** email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

Fratelli Beretta USA Inc., a Mount Olive, NJ establishment, is has recalled various brands of RTE Charcuterie Meat Products because they contain Coppa that may be under processed and may have resulted in possible contamination with foodborne pathogens.

Product Identification
<u>Ready-To-Eat meat charcuterie products containing Coppa</u> Establishment Number: EST. M47967 or M7543B Click for <u>Product List and Affected Dates</u>

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit [Fratelli Beretta USA Inc. – Ready-To-Eat Charcuterie Meat Products 02/12/24 \(ca.gov\)](#)

If you choose to perform any **retail site visits** to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: FW: Retailers List (Local Notification) - Recall by Reckitt/Mead Johnson Nutrition
Attachments: LocalNotificationList_ReckittMeadJohnson- Riv Co.xlsx

Hi everyone, please conduct recall checks for your area by Jan 12. I know Target is hard to work with. Maybe they are due for inspection and a site visit would be more productive? Thank you.

Good morning,

The HMC Group Marketing, Inc. DBA HMC Farms, a Kingsburg, CA establishment, is recalling peaches, plums, and nectarines due to possible *Listeria monocytogenes* contamination.

Product Identification	
Whole peaches, plums, and nectarines (conventionally grown)	Sold at retail between 11/17/23 and between May 2024
Sold as:	
• Individual pieces of fruit bearing PLU stickers or	Note: recall is specific to this product. It is unlikely that other products are affected.
• In consumer packaging	

Attached is a **preliminary** list of retailers (Excel file) identified as receiving the recalled products. For additional information, please visit [HMC Farms - Peaches, Plums, and Nectarines 11/17/23 \(ca.gov\)](#)

If you choose to perform any **retail site visits** to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Good morning, in the effort to clean up our database before it goes to HealthSpace we are going to set the attached to inactive. All these facilities have OOB in the description, accounts with inactive status, a general program with inactive or no available program, and an inactive permit. With all those flags checked, we can set them to inactive. This will happen at 3:00PM, 3/30/23 unless I hear from you. Sorry they are not divided by program.
Thank you!

Subject: Local Notification - Recall by Bumble Bee Foods, LLC

CAUTION: This email originated externally from the Riverside County email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

Bumble Bee Foods, LLC, a San Diego, CA establishment is recalling smoked clams due to the presence of detectable levels of Per- and polyfluoroalkyl substances (PFAS) chemicals.

Product Identification

Bumble Bee Smoked Clams

- **Size/Packaging:** 3.75 cans
- **UPC Label:** 8660075234

Attached is the **complete** list of retailers identified as receiving the recalled products. For additional information, please visit [Bumble Bee Foods, LLC - Smoked Clams 07/06/22 \(ca.gov\)](#)

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Good afternoon,

Abbott, an Abbott Park, IL establishment, is recalling multiple brands of Infant powder formulas due to possible *Cronobacter sakazakii* or *Salmonella* Newport contamination.

Product Identification	Affected Dates
<u>Infant powder formulas, including Similac®, Alimentum® and EleCare®</u> Products have a multidigit number on the bottom of the container: • the first two digits of the code are 22 through 37	Expiration: April 1, 2022 or later

- the code on the container contains K8, SH, or Z2

Consumers can check product codes using the link: [Abbott Recall | Similac, Alimentum, EleCare Powder Formulas \(similacrecall.com\)](#)

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit [Abbott - Certain Infant Powder Formulas \(UPDATED\) 02/17/22 \(ca.gov\)](#)

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: School kitchen inspections

Good morning everyone,

Hope you all had a great weekend. I am attaching the list of schools that require 2 inspections for funding. Sorry for the delay in getting out the list. I am still trying to figure some things out.

Best regards,

Hello,

I attached the first look from WRCOG on the GIS part of this effort using our data. The unincorporated addresses (our focus now) are identified under 'city name' column. Eventually the map will have a zoom in/out and each point will be identifiable. Hoping CVAG will be able to do the same.

Hello all,

OK, we are moving to include Tier 2 facilities as soon as we are able. I have attached the wholesalers list from CDPH. This resulted from a public records request I submitted on the cities behalf. We have no other information on the scope of these operations or if they are subject to reporting requirements. Thank you.

Hi Ken,

Thank you for sending this! I will be able to look at it more closely next week.

I did talk to CalRecycle today regarding another issue. They mentioned that the first Capacity Planning reports due from the Counties August 1, 2022 needs to include Tier 2 data so that will be required for reporting 2022 not 2024. We may want to give any information you have on that to our jurisdiction even if it isn't super clean and let them know they will still have to do the work to verify that it is correct and complete for their jurisdiction. Just wanted to give you that heads up.

Subject: Riverside County DEH SB1383 data

Good morning again,

Thank you again for your partnership. I think it is a valuable idea to centralize the reporting information the cities need to comply with SB 1383 food recovery mandates. I have attached the data we have on food pantries and Tier 1 facilities. We will be working on the Tier 2 data over the next several months but it is not a reporting issue until 2024.

I expect a response from CDPH on the food wholesale and distribution facilities they permit by October 14-ish. I hope they will create better access to their facility data by means other than a public records request, but they have not indicated any changes coming. On an annual basis we can provide cities with our onsite evaluation results on recovery contracts and education provided within the Tier 1 and Tier 2 facilities we inspect. I cannot predict how or if CDPH will do the same.

As a reminder, it should be understood our current data:

- May include facilities that do not meet all requirements defined by CalRecycle since it is drawn primarily by square footage.
- It does not delineate between unincorporated and municipalities, just by postal address.
- Does not include food wholesale, distribution, or service providers.

I encourage any feedback you may have to improve the data or access to it. Thank you!

Awesome. Thank you. As much as we can screen the data we should- but ultimately the cities will need to do the final clean up. We can utilize the area offices if needed again.

I am getting more concerned with what we need to do in the County areas as Jan 1 approaches. I attached the list of wholesalers from CDPH for your enjoyment. Once I get it sorted by city (I forgot how) it will go to CVAG and WRCOG.

Sounds good 😊

This week I will work on pulling the list from Envision of food facilities that will most likely fall under Tier 2 status. Tier 2 status includes food facilities that have 250 seats or more, or are 5,000 sqft or more. Unfortunately our 3622 PE code designates facilities that are 6,000 sqft or more so the list will also include 3621's (2,000sqft – 5,999sqft facilities), but I guess the cities can weed out the 3621's that do not apply.

I will work on having that list to you by Friday.

Hi Kristin, you are correct. Thanks for the follow up. Rather than holding it up any further I decided to let the cities have at it.

Over the weekend I discovered that the cities will need the tier 2's for reporting next August so we may as well start adding those to our lists. I would still prefer to do the designations in Envision so we can pull the reports easily. The Tier 2s should be plentiful but easier to capture.

Hi Ken,

Just a heads up, the Tier 1 facilities list includes a lot of facilities that would not fall under the definition of Tier 1 because they are not "Supermarkets" or "Grocery Stores". Attached is the list with highlighted facilities I believe need to be removed.

Just at first glance it seems all the highlighted facilities on the list would fall under Tier 2 definition (Restaurants >250 seats, Restaurants >5000sqft, Hotels >200 rooms).

Attachments: Local Notification List_Nestle HotPockets.xlsx

Good morning,

Please conduct several random recall checks in your area and get them back to me by Feb 5. No need to call all. Physical contamination - as if Hot Pockets were not already a hazard! Thank you!

Good morning,

Fresh Express, a Salinas, CA establishment, is recalling **expired** Fresh Express Kit Caesar Supreme due to possible *E. coli* STEC O26 contamination.

Product Identification	Affected Dates
<u>Fresh Express Kit Caesar Supreme</u> Size/Packaging: 10.5-oz. UPC: 0 7127930104 4 (located on the reverse side of the package) Production Code: S296	Use By Date: "NOV 08" (located in upper right corner on the front of the package)

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/November%202020/fdbFrFE5n.pdf>

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any **feedback** you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: Local Notification - Recall by Fresh Express

CAUTION: This email originated externally from the **Riverside County** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

Fresh Express, a Salinas, CA establishment, is recalling **expired** Fresh Express Kit Caesar Supreme due to possible *E. coli* STEC O26 contamination.

Product Identification	Affected Dates
<u>Fresh Express Kit Caesar Supreme</u> Size/Packaging: 10.5-oz. UPC: 0 7127930104 4 (located on the reverse side of the package) Production Code: S296	Use By Date: "NOV 08" (located in upper right corner on the front of the package)

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/November%202020/fdbFrFE5n.pdf>

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any **feedback** you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: Local Notification- Elevation Foods recall

CAUTION: This email originated externally from the **Riverside County** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

Elevation Foods, a Knoxville, TN establishment, is recalling various brands of ready-to-eat salads and sandwiches due to a possible *Listeria monocytogenes* contamination.

Product Identification	Affected Dates
Various RTE salads and sandwiches	Produced on June 18, 2019
Click for Product List	See Product List

Attached is the **complete** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/Pages/FDBPrograms/FoodSafetyProgram/FoodRecalls.aspx>

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Local Notification - Nature's Touch recall

CAUTION: This email originated externally from the **Riverside County** email system.

DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

Nature's Touch Frozen Foods (West) Inc. ("Nature's Touch"), a Montréal, Québec, Canada establishment, is recalling Signature Select brand Avocado Chunks (frozen) due to possible *Listeria* contamination.

Product Identification	Affected Dates

<u>Signature Select brand Avocado Chunks (frozen)</u> Size/Packaging: 12 oz. UPC: 2113009412 (found on the back of the panel)	Best Before: OCT 11 20 (Located at the back of the packaging)

Attached is the **complete** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June%202019/fdbFrNT1n.pdf>

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Local Notification - Nature's Touch recall

CAUTION: This email originated externally from the **Riverside County** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

Nature's Touch Frozen Foods (West) Inc. ("Nature's Touch"), a Montréal, Québec, Canada establishment, is recalling Signature Select brand Avocado Chunks (frozen) due to possible *Listeria* contamination.

Product Identification	Affected Dates

<u>Signature Select brand Avocado Chunks (frozen)</u> Size/Packaging: 12 oz. UPC: 2113009412 (found on the back of the panel)	Best Before: OCT 11 20 (Located at the back of the packaging)

Attached is the **complete** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June%202019/fdbFrNT1n.pdf>

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Local Notification - King Arthur Flour, Inc. recall

CAUTION: This email originated externally from the **Riverside County** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

King Arthur Flour, Inc., a Norwich, VT establishment, is recalling 14,218 cases of 5 lb. unbleached all-purpose flour King Arthur Flour brand due to possible *E. coli* contamination.

Product Identification	Affected Dates
Unbleached All-Purpose Flour, King Arthur Flour brand	BEST USED BY 12/07/19 • LOT: L18A07C
Size/Packaging: 5 lb.	BEST USED BY 12/08/19 • LOTS: L18A08A, L18A08B
Lot Codes: See Affected Dates	BEST USED BY 12/14/19 • LOTS: L18A14A, L18A14B, L18A14C

Attached is the **complete** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June%202019/fdbFrKAF3n.pdf>

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Apio, Inc. - Local Notification

Good morning,

Apio, Inc., a Guadalupe, CA establishment, is recalling five SKUs of Eat Smart® Single-Serve Salad Shake Ups™ (bowls) due to possible *Listeria monocytogenes* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please see attached product list and visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/December2018/fdbFrAPIO1n.pdf>

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
 Mary

Subject: Local Notification - Mondelēz Global LLC Recall

Good morning,

Mondelēz Global LLC, an East Hanover, NJ establishment, is recalling Certain Ritz Cracker Sandwiches and Ritz Bits product due to possible *Salmonella* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please see attached product list and visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/July2018/fdbFrMON5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,

Mary

Mary Buan | Food Recall Coordinator, Food and Drug Branch | California Department of Public Health | 916.650.6607 p | 916.636.6471 f

Subject: King Arthur Flour Company, Inc. - Local Notification

Good morning,

King Arthur Flour Company, Inc., a Norwich, VT establishment, is recalling Organic Coconut Flour due to possible *Salmonella* contamination.

Product Identification	Affected Dates
Organic Coconut Flour Size: 16 oz. Lot #: CF22017E UPC: 0 71012 10702 5	Best If Used By dates: 10/25/2018 & 12/04/2018

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/March2018/fdbFrKAF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: Standard Meat Company - Local Notification

Good morning,

Standard Meat Company, a Saginaw, TX establishment, is recalling up to 53,154 pounds of raw beef products due to possible *Salmonella* contamination.

Product Identification	Affected Dates
Establishment number: "EST. 33861" inside the USDA mark of inspection <u>"USDA Select or Higher Beef 6 oz Top Sirloin Steak Mechanically Tenderized"</u> • Size/Packaging: Approximate 20-lb. boxes • Case Code: 45966 <u>"USDA Select or Higher Beef 8 oz Top Sirloin Steak Mechanically Tenderized"</u>	Produced on various dates between Feb. 19, 2018 and March 14, 2018

• Size/Packaging: Approximate 30-lb. boxes • Case Code: 45968	

Attached is the **complete** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/March2018/fdbFrSMCO1n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Mary Buan | Food Recall Coordinator, Food and Drug Branch | California Department of Public Health | 916.650.6607 p | 916.440.5433 f

Subject: Overhill Farms, Inc. - Local Notification

Good morning,

Overhill Farms, Inc., a Vernon, CA establishment, is recalling approximately 54,630 pounds of chicken bites products due to possible foreign matter contamination - bone.

Attached is the **final** list of retailers identified as receiving the recalled products. For additional information, please see attached product list and visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June2017/fdbFrOF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Ready Pac Foods Inc. - Local Notification

Good afternoon,

Ready Pac Foods, Inc., an Irwindale, CA establishment, is recalling the "Ready Pac Foods Puro Picante Blazin Hot" due to possible *Listeria* contamination.

Product identification:

Product Name: "Ready Pac Foods Puro Picante Blazin Hot"

Size/Packaging: 7.5-oz. single serve salad bowl packages

Establishment number: P-27497, P-32081, or P-18502B inside the USDA mark of inspection

Attached is a preliminary list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrRPF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Taylor Farms - Local Notification

Good afternoon,

Taylor Farms, a Salinas, CA establishment, is recalling chicken salad products due to possible *Listeria* contamination.

Product information:

Establishment number: M/P-34013 or M/P-34733 inside the USDA mark of inspection

- "Signature Cafe Southwest Chicken Premade Salad" - 10.5 oz. plastic trays
- "Signature Café Southwest Style Salad with Chicken" - 10.5 oz. plastic trays

Attached is the **final** list of retailers identified as receiving the recalled product. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrTAY2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: LOCAL NOTIFICATION - PRIME TIME INTERNATIONAL

Good afternoon,

Prime Time International, a Coachella, California establishment is recalling cucumbers (product of Mexico) because of possible *Salmonella* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrPRIM1n.pdf>

Also attached is a product label.

Product Info:

Prime Time International Fresh Cucumbers

Lot #: 1-2885

Item: 1472554

Sticker: 280

Stamp: Agricola Maui

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Good morning Vitor,

Tuesday morning at 9am is not going to work as I have an appointment at that time already. Does Tuesday at 12pm work for you?

Thank you

Good afternoon,

Abbott, an Abbott Park, IL establishment, is recalling multiple brands of Infant powder formulas due to possible *Cronobacter sakazakii* or *Salmonella* Newport contamination.

Product Identification	Affected Dates
<u>Infant powder formulas, including Similac®, Alimentum® and EleCare®</u> Products have a multidigit number on the bottom of the container: • the first two digits of the code are 22 through 37 • the code on the container contains K8, SH, or Z2	Expiration: April 1, 2022 or later

Consumers can check product codes using the link: Abbott Recall Similac, Alimentum, EleCare Powder Formulas (similacrecall.com)	

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit [Abbott - Certain Infant Powder Formulas \(UPDATED\) 02/17/22 \(ca.gov\)](#)

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Hi Zef,

Just so that you are prepared, the documentation that I will need to see is the Risk Management Plan and all supporting documentation. The documentation should include the operating procedures; training records; mechanical integrity and maintenance records; compliance audits; contractor information and the emergency response plan as applicable.

Let me know if you have any questions.

Hello,

The water systems in Anza are now being affected due to power loss. I have had a few check in. It appears that the Red Cross will be setting up a shelter area at Anza Baptist Church, I spoke with the operator, since this system is treated they need to be careful and provide clear labels indicating which hose bibs are treated water and which are not. Water for drinking or cooking must be from the treated water. The other hose bibs may be used for toilets and showers as discussed. Jeremy created another spreadsheet for us and a map located in the L in the Idyllwild file. Anza mutual seems to be operating with a generator. They may have enough diesel for two weeks. Based on what they have been told, the power lines may not be repaired for 2 weeks.

Here is some info on that lab in SB.
Looks like they do bacteria and some inorganics (nitrate, etc)
Then they send the rest to the other lab.
Another option for people.

Hello Jackie,

Thank you for providing the contact information for drinking water system reports during our phone conversation today. It was nice to talk with you.

As we discussed, I am interested in having our location, BSK Associates San Bernardino added to Riverside County's list of certified laboratories. Our company has been in business for over 50 years and we have

laboratory locations in Fresno, Sacramento, San Bernardino, and Vancouver (Washington State). Our San Bernardino location is the newest - we became certified one year ago. I have attached our certification for your reference. We perform bacteriological and short hold chemistry analysis from our location. All other analyses are performed at our Fresno laboratory (I've attached their certification as well). Our location address is below with my contact information. Feel free to contact me if you have any questions or require additional information.

Thank you and have a great evening,

Gina Cloutier
Laboratory Manager - San Bernardino

Subject: Scanned Well List

Hi Jenny.

Here is the list of scanned files you have been asking for. These are a list of all the Permit and Well Completion Reports (WCR) that have been scanned and loaded into Laserfiche.

You will see that some of the permit numbers do not have a WP number. That signifies that we have a scanned document for it, but the permit is not entered in EnvisionConnect. These are older permits, around 1990's and before.

The pdfs are also in the folder below, but these should be duplicates.

Q:\ERM_Landuse_Scan\Wells\Permits

Please let me know if you need anything else.

Thank you for your help with this.

Good Afternoon.

I have finished the Waste Management mailing lists for FA 01, FA 03, and FA 04.

Please see the attached document. I tried to set it up as close to I could as DVD's, there was just a lot more data with this hauler.

Let me know if you have any questions.

I will start working on CR&R tomorrow morning. My hope is that will go much faster.

Hi Jeff.

The maps, from what I recall, were based on the lists that I have included. As well they were based on the MAC or CC boundaries of the areas included.

Greg and I had worked through this as well, but I can't find the emails with the retention policy.

Hope this helps.

Subject: comprehensive trash collection and maps

Good Morning Jeremy,

I was able to find this old word doc, a summary of comprehensive collection resolutions (there may be more...). In 2021, I believe you put this map together. My question is, what info did you have to generate this map? Is there more than these resolutions? (some of them included a map, but some just seemed to describe boundaries; for example D2- which boundaries have changed since that time.

A hauler in DHS unincorporated (FA 10) is not currently enrolling everyone and I feel the area is already under comprehensive requirement. Any info you can share is greatly appreciated.

Thanks

Jeff

Hello Mark and Mike (M&M),
Can you take a look at the map Jeremy has updated with the new boundaries for the west and east areas. Based on our discussion Mark the septic and water system boundaries now are the same.

Please provide comments if you want the boundary adjusted. Once the boundary is established , approved by both of you Jeremy and I will work on adding different layers that are needed.

Thank you

Good morning Kristine and Jeremy,

Jeff received a questionnaire request from RCAC regarding our State Small water systems. I'll work up responses to the questionnaire, but one of the questions is if we have a map of our State Smalls.
The most recent map that I have is December 2016.

Can Jeremy create an updated map of our State Smalls that I can include in the questionnaire? I'm only here Tuesday and Wednesday of next week before I go on vacation so I'm going to try to get this done by next Wednesday.
I apologize for the short notice...please let me know if this is doable

Thanks

CAUTION: This email originated externally from the **Riverside County** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Hello,

The Rural Community Assistance Corporation (RCAC) is a nonprofit organization that provides training, technical, and financial resources and advocacy to rural communities throughout the west to help them achieve their goals and visions. RCAC recently received funding from the Water Foundation to help collect data on small water systems and evaluate potential for consolidation or regionalization in each county. RCAC is currently performing outreach to see what data is collected and maintained by the county. We will create a report on the data we collect that can be shared with counties to aid in their own planning and regulatory requirements.

We have created a questionnaire about data your agency may have on the small water systems in your county. The questionnaire is [here](#). Please complete the form by August 16th, 2019.

The link to the questionnaire is being sent to Local Primacy Agencies as well as Division of Drinking Water offices in order to capture as much information as possible. If someone else in your organization would be better suited to answer the questions, please forward the survey to them.

Feel free to contact me with any questions.

Sincerely,

CLAIRE MILLER

Hi Jeremy,

I noticed some errors in the Riverside PA area (see below) and believe that there may be concern with the rest of Area 1's inventory. There are facilities that are being reassigned to H21 or H22 that should not be. Could we sit down together and take a look at the inventory in real time directly from the program that you are using to see if we can fix this matter more easily than having myself go through each line item and highlighting the errors? Please advise.

Subject: New District list corrections

Hi All,

Please see attached for some corrections identified in the new Area & District list provided Friday. These are primarily Area 4 and Area 2 changes.

Thanks

Lisa

I think this will be a quick fix when we sit down and look at this.
When would you like to meet so we can take care of this? I was going to meet with Nick on Tuesday morning.

Subject: RE: New District list corrections

Hi Jeremy,

I noticed some errors in the Riverside PA area (see below) and believe that there may be concern with the rest of Area 1's inventory. There are facilities that are being reassigned to H21 or H22 that should not be. Could we sit down together and take a look at the inventory in real time directly from the program that you are using to see if we can fix this matter more easily than having myself go through each line item and highlighting the errors? Please advise.

Subject: New District list corrections

Hi All,

Please see attached for some corrections identified in the new Area & District list provided Friday. These are primarily Area 4 and Area 2 changes.

Thanks

Lisa

Subject: New District list corrections

Hi All,

Please see attached for some corrections identified in the new Area & District list provided Friday. These are primarily Area 4 and Area 2 changes.

Thanks

Lisa

On Nov 2, 2018, at 11:20 AM, Hunt, Robert <RHunt@RIVCO.ORG> wrote:

After discussing with Jeremy, Area 3 errors show up because we are going by GIS intuitive boundaries rather than using zip or city. The districts were created by using zip codes at first but then fine-tuned by using GIS. Basically, if facilities are proximal to each other they are grouped together despite being in different zip, city or both. The idea is that our district lists will now be pulled by *designated employee* rather than following zips or cities. With this we can manually add the utilities to each employee as well and each list will then be comprehensive (no missed cell tower or utilities inspections). Jeremy please jump in if you can explain this better...

Are we OK to leave this like this even though the other Areas won't done this way at this time?

Those were just a guide for Jeremy. He's using the area and district as primary.

On Oct 19, 2018, at 7:15 AM, Gates, Jeremy <JGates@RIVCO.ORG> wrote:

Nick,

Would you mind terribly if we do not limit the redistricting based on the PE codes listed below? In other words, can we use a query which will basically grab all H04/H021 and make them all H21/H021? I ask because there are actually 22 PE codes which belong to the city of Riverside and 14 which belong to the city of Corona. Most of the other codes are for OOB facilities as fee structures have changed over the years, but they were still PA-overseen programs.

Subject: RE: Status of Redistricting Project - IT Test Environment Phase

That is correct, for the test environment, and then onto EC there will be a 4th Area. The new area is CoverageArea. I am unable to have an "Area" field in my database due to the spatial components. The "Old Area" was not included in the file I sent.

Subject: RE: Status of Redistricting Project - IT Test Environment Phase

If we can do it all at once, that would be preferred as it seems it would save time in testing the changes, as well as on the IT end. That said, the data set just got more complicated so it may take more time. I don't know what Jeremy has access to regarding other Envision data. Mike and he will chat about functionality and what this will look like and will get back to group with status and recommendation.

Subject: RE: Status of Redistricting Project - IT Test Environment Phase

Tania,

This can be done in 2 stages. First Riverside and Corona, and then all other areas and districts. We will have to perform, all the steps listed below twice. Once with the Riverside/Corona re-districting, and then for the rest of the areas/districts.

Or we can do it all (Riverside, Corona and all other areas/districts) in one swoop. I will differ that decision to Nick. I am fine with either one.

So, these are the steps we need to follow

- (1) A list of all Haz Mat facilities with the PR #, Facility #, old area, old district, new area, new district, lat and long.(Haz Mat team & Jeremy Clark)
- (2) A script will be written to update all Haz mat areas and all districts. This will include the new area & district for Riverside and Corona.(Rizwan)
- (3) A test environment will be built for Haz Mat, where the script will be applied.(Sys Admin Team & Rizwan)
- (4) Haz Mat team will verify the new area and districts are correct.(Haz Mat team & Jeremy Clark)
- (5) Submit a monthly billing and permitting run, to verify the new area/districts will not affect the financial(Tania)
- (6) Submit Change request and obtain approval from RCIT for applying script to production(Rizwan)

Let me know.

Thanks.

Subject: RE: Status of Redistricting Project - IT Test Environment Phase

Hi Rizwan,

I have discussed with Mike and Nick and am requesting to change current existing Riverside (Area H04, District H021) and Corona (Area H05, District H022) Area/Districts to:

Riverside- Area H21, District H021
Corona-Area H22, District H022

After this has been completed the changes for all Hazmat programs (for all areas, not just Area 1) need to be provided to Rizwan so the script can be created and run in the test environment. It would be very difficult for me to test billing if the Area/Districts are given to Rizwan multiple times.

Thanks.

Tania

Subject: RE: Status of Redistricting Project - IT Test Environment Phase

Hi Rizwan,

I just wanted to mention that H01, District 1 (H001) and District 7 (H007), will ultimately be H04, H001 and H04, H007 respectively. At the moment, these designations were not included in the spreadsheet. If I recall correctly, H04 is assigned to one of the PAs if not both for billing purposes. Moreover, you have mentioned during our last meeting that you will check to see if the Corona and Riverside PA can be changed to something like H022, H0022 (Riverside PA), and H023, H0023 (Corona PA). What is the status on this?

Thank you,

Mike

Rizwan,

I realized after I sent it that it had all the other tabs included.

The 1st sheet is the master sheet (Tab District_01_All). All the other Tabs are based off that.

- 1- The updates so far are for Area 1 only. So yes the District is the only thing to change.
- 2- This is a question best answered by Nick and Mike
- 3- Yes, that is correct
- 4- The Lat/Long should be updated in both. I was not aware there would be 2 separate fields for that. (Hoped it would be ties to FA/PR)
- 5- Please see above.

I hope this helps and if there are any more questions, let me know.

Jeremy

Jeremy,

Here are a few questions, regarding the redistricting, based on the spreadsheets.

- (1) In the spreadsheet, there is a column for the new district (**District_New**), but not for the area. Are there no changes to Areas?
- (2) New district in spreadsheet will be prefixed with an H, and 2 leading zeros in EC. i.e. New district 7 will be a H007. Is this correct?
- (3) Columns to be updated in EC are Area, District, Lat and Long. Is this correct?
- (4) Is the Lat/Long need to be updated in the General Health Program table, the facility table or both?
- (5) Are all the changes to all Haz Mat program in the first spreadsheet?

Good Morning Rizwan,

What is the status of your efforts regarding our redistricting project (Area 1 (Corona) and Area 3 (Indio-Desert))? Per our last meeting, Jeremy Clark was going to provide some GIS files to you so that you can place them in a test environment and verify their compatibility with ENVISION. Please advise.

Thank you,

Mike

That is correct, for the test environment, and then onto EC there will be a 4th Area. The new area is CoverageArea. I am unable to have an "Area" field in my database due to the spatial componants. The "Old Area" was not included in the file I sent.

Subject: RE: Status of Redistricting Project - IT Test Environment Phase

Tania,

This can be done in 2 stages. First Riverside and Corona, and then all other areas and districts. We will have to perform, all the steps listed below twice. Once with the Riverside/Corona re-districting, and then for the rest of the areas/districts.

Or we can do it all (Riverside, Corona and all other areas/districts) in one swoop. I will differ that decision to Nick. I am fine with either one.

So, these are the steps we need to follow

- (1) A list of all Haz Mat facilities with the PR #, Facility #, old area, old district, new area, new district, lat and long.(Haz Mat team & Jeremy Clark)
- (2) A script will be written to update all Haz mat areas and all districts. This will include the new area & district for Riverside and Corona.(Rizwan)
- (3) A test environment will be built for Haz Mat, where the script will be applied.(Sys Admin Team & Rizwan)
- (4) Haz Mat team will verify the new area and districts are correct.(Haz Mat team & Jeremy Clark)
- (5) Submit a monthly billing and permitting run, to verify the new area/districts will not affect the financial(Tania)
- (6) Submit Change request and obtain approval from RCIT for applying script to production(Rizwan)

Let me know.

Thanks.

Subject: RE: Status of Redistricting Project - IT Test Environment Phase

Hi Rizwan,

I have discussed with Mike and Nick and am requesting to change current existing Riverside (Area H04, District H021) and Corona (Area H05, District H022) Area/Districts to:

Riverside- Area H21, District H021
Corona-Area H22, District H022

After this has been completed the changes for all Hazmat programs (for all areas, not just Area 1) need to be provided to Rizwan so the script can be created and run in the test environment. It would be very difficult for me to test billing if the Area/Districts are given to Rizwan multiple times.

Thanks.

Tania

Good Morning Rizwan,

What is the status of your efforts regarding our redistricting project (Area 1 (Corona) and Area 3 (Indio-Desert))? Per our last meeting, Jeremy Clark was going to provide some GIS files to you so that you can place them in a test environment and verify their compatibility with ENVISION. Please advise.

Thank you,

Mike

Cc: Crain, Nicholas <NCrain@RIVCO.ORG>
Subject: RE: Area 1- Redistricting

Hi Jeremy,

I quickly scanned through the list and noticed that it does not break down multiple permits per site and just lists each single facility. Also, I noticed that it only lists facilities with CERS ID#'s. I spot checked two HazWaste Generator (HWG) facilities only (JBK Automotive –[PR 74596] 13537 Magnolia Ave, Corona, and SMS Supercars [PR 71126] 2735 Wardlow Road, Corona) and found that they are both missing from the list. Please note that HWG facilities typically do not have CERS ID#'s. Please take a second look at the spreadsheet again and see if there is a way that we can list all of the hazwaste permits as separate line items for each facility and also add back all HWG facilities that do not have CERS ID#'s. Sorry for creating more work for you. I just want to make sure that the finish product is accurate and complete.

Thank you,

Mike

Mike,

Attached is a copy of the 1st iteration of the District 1 update.

The facility numbers are as follows:
Area 1 (Riverside): 673

Area 2: 386
Area 3: 425
Area 4: 416
Area 5: 395
Area 6: 343
Area 7 (Riverside): 662

The numbers have a slight variance to the list you sent me earlier, so we will need to take a look at that. But at least we have a starting point to work from.

Please let me know of any changes or ideas you may have.

Hi Jeremy,

Per our phone conversation earlier this week, can you create an updated map of our State Small water systems (PE code 4644)? We have had some changes in inventory and I recently assigned the systems to different staff.

This is low priority and I'm in no rush at all. We get a lot of use out of the maps you create, and I am just looking to update the previous version.

Thank you very much!

Mark

Hi Mark,

Sorry again for the delay on the map.

Please take a look and see if there are any changes that need to be made.

If not, I will print a full size copy.

Jeremy

Subject: Updated State Small Map

Hi Jeremy,

Per our phone conversation earlier this week, can you create an updated map of our State Small water systems (PE code 4644)? We have had some changes in inventory and I recently assigned the systems to different staff.

This is low priority and I'm in no rush at all. We get a lot of use out of the maps you create, and I am just looking to update the previous version.

Thank you very much!

Mark
